Paraffine Cannel Coal Oils for Lubricating Machinery.

In Scotland the Cannel Coal-Oils have been very fa vorably known and extensively used in the place of Sperm, for the last few years. Oils of a similar nature and quality are now being made by the Union Coal and Oil Company, and are very highly valued wherever known. This Oil has the same weight and will bear the same temperature, when winter strained, as the best Sperm, and is fully equal to it as a Lubricator; having been subjected to the severest tests upon both heavy and light machinery, and given entire satisfaction. This Oil is peculiarly adapted to Railroads, Cot-The sudden fall in the river yesterday renders ton Spindles. Machine Shops, and all machinery where a fine Oil is required. It is more economical than ordinary Oils, as it is sold at about the same price, and as half the quantity will do an equal amount of lubrication and do it better.

This Oil being entirely without gum, should be used in the same manner as the finest sperm. The openings of the cans and feeders used for ordinary coarser Oils should be reduced, otherwise, the Oil will be wasted. These Oils will be furnished to dealers at the factory prices, adding freights, insurance, and exchange, and all Oils sold by this company are fully guarranteed as represented.

MASTER MECHANIC'S OFFICE, M. & C. R. R.) Memphis, January 9, 1858. This will certify that I am using the PARAFFIN CANNEL-COAL OIL, manufactured by the Union Coa and Oil Company of Maysville, Ky., in our machine shops and on the locomotives on the Memphis and Charleston Railroad, and have given it the several tests, in order to prove its qualities as a hibricating oil. I have no hesitation in recommending it as a su perior oil for Railroad purposes, both in regard t economy and as a perfect Lubricator. I believe it to be the best oil I have used, and that one gallon will go as far as two gallons of Lard Oil. The machinery now running in the shops with twenty per cent. le $E_{B^{\ast}}$ We are authorized to announce Eu L. Woots as power than is required for ordinary oil. The fluidity of the oil arises, I am convinced, from the total ab-sence of gum, and does not effect its inbricating procandidate for County Trustee, at the next March elecperties, but only requires that the orifices in the oil caps and feeders should be reduced in order to use the oil

economically. WM. R. NICHOLS, Master Machinist.

MAYSVILLE, Kv., November 14, 1857.

To the Union Coal and Oil Company:
GENTLEMEN—Having used your Lubricating Oil, made from Cannel Coal, on the machinery of our Cotton Mills (including Engine and Spindles), for the last few weeks, we are prepared to say that we have found it reatly superior to any other, excepting the best Sperm, and fully equal to that article, for which we have been paying from one dollar seventy five cents to two dollars and twenty five cents per gallon. The Oil distributes very perfectly over the machinery, wears long, and is free from gum, which causes fricwear's long, and is free from guln, which causes free tion, and consequently heat.

In view of the superior quality of this Oil, we have adopted it for our Mills. From the low price at which it is sold we doubt not it must come into general use.

Cincinnati Market.

CINCINNATI, Feb. 6. In the general markets business was quite active to day, in all the leading branches of trade, and prices of most of the prominent staples had an advancing ten-There was a very active demand for bulk meats, and, including boxes, the sales exceeded 1,000,000 fbs, being much the heaviest day's business that has been transacted this season. In prices, an advance of 14.68 14c 7 16 was established, and at the close, holders by no means free sellers at the quotations. sales were at 51/c for Shoulders, and 61/061/c for Sides, exclusive of packages. The latter are now chiefly held at 7c loose. Sales to the extent of 1,300 boxes. Cumberland cut middles were made at 7c pkd. Bacon is firm at 63, @Sc pkds, for Shoulders and Sides, with an upward tendency.

There were buyers for Mess Pork at \$14 50, but holders advanced their figures to \$13 75@\$14 00. The market for Lard was quiet with small sales of prime barrel at 8%c. Large purchases, however, could not be made at this figure.

The Cherokee Corn Planter recommends itself above all others, for its durability, cheapness, simplicity, and

the perfect manner that it performs the following described work. It furrows out the ground to any required depth— drops the corn, as many kernels as desired, in a space of four inches diameter, mathematically in the bill—covers the hills and presses the earth, (as by the old method with the hoe)—and marks accurately the position of each hill. With a single horse, a man or boy can plant ten to fifteen acres per day with ease, Flanters and others are invited to an examination of this machine, at Messrs. Armstrong & Co's, where it may be seen daily in practical operation.

Persons wishing to purchase COUNTY RIGHTS in this or adjoining States, by applying immediately, (as territory is being disposed of rapidly,) can do so upon such terms as will insure them a large return on the investment. Call at once at No. 69 Market street, Nashville.

A 8 we have determined to do an exclusive CASR BUSINESS this year, we feel that a scord of explanation may be necessary to some of our very par icular friends, who have had accounts with us, eve since we commenced business, and we are proud to say we have many such friends, who have always paid their accounts prompily. We feel confident we can make it greatly to the interest of all, by buying our goods cheaper, and of course selling them very much cheaper. There are many persons in our milest who would prefer buying for cash, if it could be made to their interest to do so. We know many who do not have accounts, and we think it unfair that persons who buy for cash should pay the same prices as those who buy on credit. It is with these considerations we have adopted an exciusive cash system, and we invite all who are in favor of the system, and we invite all who are in favor of the system, as well as all these who are in favor of buying goods chuap to give us a who are in favor of buying goods theap to give us call.
